Changes to Location & Production for Medium/High Capacity S30s & S40s Toggles

Type of Change:

- Engineering Part Number
 Product Appearance

I. The location of production will change from the Japan factory to the Philippines factory for S30s and S40s S Series Toggles. The place of manufacture will no longer appear on the switches, and the logo will be updated. The lot number on the switch case will have a dot mark above the second digit, and the box in which the switches are packaged for shipping will read "PHILIPPINES FACTORY" instead of "JAPAN FACTORY." All of these revisions will apply to standard and custom products. Effected standard part numbers are listed below.

Changes for S30 & S40 Toggles

	Switch Case	Logo	Lot Number	Shipping Box
Before Changes	"JAPAN" on Switch Case	Older NKK Logo 	Example of Lot Number 79	 "JAPAN FACTORY" printed on side of box
After Changes	"JAPAN" on Switch Case Removed	NKK Logo Updated 	Example of Lot Number with Dot Mark Above Second Digit 7 [•] 9	 "PHILIPPINES FACTORY" printed on side of box

Notes

There are no changes to the switches' dimensions or specifications.
 The location of logo or lot number on switch case may vary depending on the part number.
 Contact the factory if more details are needed.

Identification Plate Change for S30s & S40s Toggles

Type of Change:

- Engineering Part Number
 Product Appearance

2. The S30s and S40s Toggles will have an update to the method of display for part numbers on the switch body. Previously, they were displayed on identification plates, which will be changed to laser application. The revision applies to standard, custom and UL/CSA approved products. Effected standard part numbers are on the table at the bottom of page 1.

Identification	
Before Change	After Change
Part Number Displayed on Identification Plate	Part Number Displayed by Laser Marking

UL Factory Code Added for S30s & S40s Toggles

Type of Change:

- Engineering Part Number
 Product Appearance

3. The UL approval for S30s and S40s Toggles will have a change on the switch case to include both standard and custom devices. Previously, the UL symbol appeared on the case without a factory code. After the change, the code 080 will appear next to the UL symbol, as shown here. Effected standard part numbers are on the table below.

UL Factory Code Change
