## Changes to LEDs for MS \& SS Illuminated Slides

Type of Change:

- EngineeringPart Number
『 Product - Appearance

MS and SS Illuminated Slides will have LED Revisions.

The red, yellow and green LEDs for MS and SS Series illuminated slide switches will be changing. The revision will effect the electrical specifications for the yellow and green LEDs, as shown on the following table.

Standard and custom MS and SS illuminated switches are included in the change, and part numbers for effected standard models are shown on page 2.
