LW & MLW Series

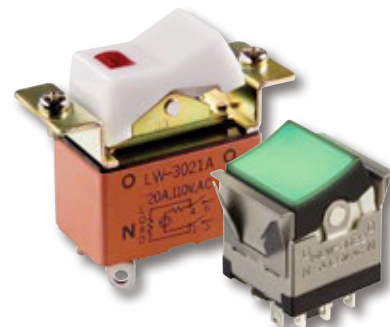

Changes to Location & Production for LW & MLW Series Rockers

Type of Change:

- Engineering Part Number
- Product Appearance

There will be revisions to the production and manufacture location for LW and MLW Series Rockers. For MLW Series, "Japan" will no longer be displayed on the switch bodies, and the UL symbol will have the code "080" appear to its right. For both LW and MLW Series, the lot number on the switches will have a dot mark above the second digit, and the box in which the switches are packaged for shipping will read "PHILIPPINES FACTORY" instead of "JAPAN FACTORY." These changes will apply to standard and custom products.

Effected standard part numbers for LW Series and MLW Series are displayed on page 2.

Changes for LW & MLW Rockers

	Identification	UL Factory Code	Lot Number	Shipping Box
Before Changes	"JAPAN" on Switch Body	UL Approval & No Factory Code 	Example of Lot Number 84 Enlarged to Show Detail	 "JAPAN FACTORY" printed on side of box
After Changes	"JAPAN" on Switch Body Removed	UL Approval & Factory Code Added 080	Example of Lot Number with Dot Mark Above Second Digit 8[•]4 Enlarged to Show Detail	 "PHILIPPINES FACTORY" printed on side of box
Series	MLW	MLW	LW, MLW	LW, MLW

Notes

There are no changes to the switches' dimensions or specifications.

The location of the UL factory code or lot number on switch body, or the factory location on shipping box, may vary depending on the part number.

Contact the factory if more details are needed.

Effective Date

Location and production changes for LW and MLW Series Rockers will be effective August 2022.
